Lecture: A, CY, GE, MB, PT, S

COVID has flipped the world on its head for health & wellness practitioners and studio owners. It's now more important than ever to have the proper legal documents in place to ensure your Fitness business and assets are protected, and your community and clients are safe. Look, we get it. Dealing with the law sucks. But it's super important for your business to be legally protected, especially in these unprecedented times. We are here for you to explain the law in an easy-to-understand fashion... and even make it a FUN process :) Our goal is to keep you safe and secure so you can focus on doing what you love and growing your business.

During this Legal Training, you will learn:

- COVID Reopening 101 - Practical legal tips to implement immediately in your business
- Updating Your Intake Form - Essential information to include
- The importance of a properly drafted waiver of liability (most insurance companies do NOT cover COVID)
- Practicing Online? Outside? What information/docs to have in place
- Your business has changed - learn which agreements & disclaimers must change as well (social media disclaimer, privacy policy, etc.)
- How to protect your assets & avoid negligence at all costs

219 Jungshin® Athletic Flow Long Sword Format with Annika Kahn & Yury Rockit

Workshop: GE, MB

Jungshin Fitness is an exercise and mind-body program drawing upon ancient Eastern movement techniques and modern conditioning trends. The movements are choreographed using a wooden practice sword. The sword provides a necessary tactile tool, a point of focus, and a way for the client/members to accentuate their relationship to gravity thus gaining flexibility through strength and conditioning. There is a focus on the endocrine system and health stimulated by appropriate movement exercises. Most clubs start with the high intensity Athletic Flow format In this workout one can burn up to 600 calories in 50 minutes.

220 We Have Weight Loss All Wrong: We are Doing It Backwards and it Doesn't Work with Eliza Kingsford

Lecture: AQ, GE, MB, PT, S

In this session you'll learn how we are looking at weight loss all wrong. We will discuss the ways we get in our own way when it comes to our bodies that have nothing to do with diet or exercise and everything to do with what's happening with the brain. Blending psychology and neuroscience, learn how to begin approaching weight loss in a completely different way.

221 Breath: The Secret to Improving Posture, Movement and Performance with Jenice Mattek, LMT, IMS (ZOOM OUT)

Workshop: GE, MB, PT, S

Clients often present with chronic tightness, discomfort, and the inability to perform at the level they need or want. Suboptimal breathing strategies are the most common finding underlying postural alterations, limited ROM, decreased strength, as well as chronic tension and discomfort. Strengthening approaches that omit breath training will perpetuate rather than tightness and weakness. During this session, you'll discover how breathing directly impacts posture, ROM, and stability. Additionally, you'll discover real-world strategies for seamlessly integrating breathing into your client's warm-ups, strengthening, and cool-down sessions. You will not look at breathing the same after this session.

Learning Objectives

After attending this session, participants will be able to:

- describe how three-dimensional breathing impacts posture, movement, and stability
- demonstrate how to assess for common suboptimal strategies and utilize the most effective strategy to improve three-dimensional breathing
