

PRE CONFERENCE COURSES

101 Adult CPR & AED Training: Two (2) Year Certification/Re-Certification Class with Don Sussman, Know CPR

Thursday 8/1/19 6:30 p.m. - 8:30 p.m.

Renew your CPR certification quickly and easily on site at DCAC 2019! The newest CPR Guidelines will be taught by a certified and authorized CPR Instructor. This nationally-recognized program provides a two (2) year renewal certification for Adult Cardiopulmonary Resuscitation (CPR) and AED from the American Safety & Health Institute. Immediately upon successful completion of this training, participants will receive an American Safety & Health Institute course completion card with a suggested retraining date of two years. You must have current CPR certification or one that has recently expired in order to register.

Cost: \$45.00 per person (Special DCAC Rate, includes all fees, handouts and training)

Register: <https://cvent.me/1yrlw>

102 Balanced Body® Functional Movement Certification: powered by Balanced Body with Helen Vanderburg and Nico Gonzalez

Thursday 8/1/19 8:00 a.m. - 4:00 p.m.

CEC's: pending

The ability to move with strength, power, efficiency and grace creates the foundation for a long and healthy life. Balanced Body's Functional Movement certification will give personal trainers and group exercise instructors the skills needed to help their clients and classes move well for a lifetime. Based on the Balanced Body Movement Principles, the course provides a solid foundation in movement science, movement analysis and foundational exercises to support your career in any training environment and with any population. Through lecture, workouts and teaching drills, you will learn and practice foundational movement exercises, assessing optimal and dysfunctional movement patterns and strategies for planning progressive training sessions for optimal results.

Gain the skills you need to be a confident and effective trainer in this in-depth certification! This course fulfills 8 hours of the programming requirement to become a Balanced Body® Movement Specialist.

Cost: \$219.00 by 6/30/19 \$249.00 after 6/30/19

104 VI3 Certification Course with David Mills

Thursday 8/1/19 8:30 a.m. - 3:30 p.m.

CEC's: ACE and NASM pending

VI3 is the educational course that brings THE VIBE ROLLER to life. THE VI3 system sequences vibration with self-myofascial release and exercise concepts to reawaken dormant muscle groups, improve joint mobility, balance asymmetries, and facilitate whole body integration.

The VI3 System can be applied to address chronic injuries, pain management, preparation for exercise and sports performance, recovery, and a host of other athletic related considerations. The VI3 System was designed by Bill Fabrocini PT,CSCS. Motivated by a passion to share his three decades of sports medicine experience, Bill has put to together a simplistic model that can benefit medical and fitness professionals, athletes, and every day folks seeking to move and feel better.

105 WERQ Dance Fitness Instructor Certification with Haley Stone

Thursday 8/1/19 9:00 a.m. - 4:30 p.m.

CEC's: 8.0 AFAA CEUs, 0.8 NASM Credits, and 0.7 ACE CECs.

WERQ is the wildly addictive cardio dance workout based on trending pop and the hottest hip hop music. Artfully pre-designed for dance fitness instructors, WERQ pairs unique choreography with a science-based cueing method to make WERQ calorie-crushing and easy to follow. The WERQ Dance Fit Pro Certification course begins with a review and assessment of knowledge needed to teach a safe and effective dance fitness class. After experiencing a live WERQ class, the course will showcase the specific design of WERQ, it's choreography, and the The 3Q1 Method of cueing WERQ classes. Skills will be put into practice, so that each attendee leaves with the experience and tools to teach WERQ Dance Fitness classes.

Learning Objectives: Review the cardiovascular system, heart rate training, major muscles, movement patterns, and alignment. Experience a live WERQ class. Gain knowledge on the brain and nonverbal communication in order to teach rapid-fire dance fitness. Practice defining the cue for a move, layering dance steps for higher achievement, and modifying for all levels. Design the signature WERQ warmup and cooldown. Teach a practice demo.

Cost: \$229.00 by 6/30/19 / \$299.00 after 6/30/19

Register: <https://cvent.me/1yrlw>

POST CONFERENCE COURSES

502 Aqua Yoga Strength Certificate with Lauren Eirk and Laurie Denomme

Sunday 8/4/19 9:00 a.m. - 3:00 p.m.

CEC's: AEA/AF 6.0, ACE pending, ATRI 6.0, Yoga Alliance pending

Discover the power of pairing yoga and water exercises to improve strength and flexibility. Internationally known water exercise and yoga teachers, Laurie Denomme and Lauren Eirk, have teamed up to develop an aqua yoga program like no other. Their innovative approach explores familiar poses in new and challenging ways. In this course, you'll learn how to apply variable resistance to strengthen muscles without overstressing joints. Take home basic to advanced water yoga workouts for strength, flexibility, balance and cardiovascular function. If you're ready to build a stronger, more agile body in and out of the pool, this course is for you!

Take this course to learn:

1. Why a strength-focused yoga practice delivers flexibility the body craves.
2. Six yoga poses to identify and improve your active range of motion.
3. Joint-friendly and muscle-strengthening exercises for all fitness levels.
4. Coaching tips to help participants get more out of their yoga practice.
5. How to personalize group exercise using a six-directional movement formula.

Cost: \$99.00 by 6/30/19 / \$129.00 after 6/30/19

507 Halo®† Training: Building Intensive Interval Programs

Sunday 8/4/19 9:00 a.m.- 1:00 p.m.

CEC's: pending

The Halo® Trainer Plus, used alone or with a Stability Ball, is becoming a standard tool in strength and fitness training programs. Explore how the unique design of the Halo Trainer Plus adds another dimension in the creation of unique interval-style workouts. Discover how to identify efficient form, moving from complete stability to unidirectional instability to multidirectional instability, with the Halo Trainer Plus in a variety of configurations. Next, practice the suggested exercises in each interval, learning to progress or regress the exercises based on the client's fitness level. Ideas are shared on how to incorporate both timed and repetition-based intervals with active recovery between sets in a full workout. The addition of the Resistance Loop provides increased intensity and variety to the intervals.

Cost: \$149.00 by 6/30/19 / \$199.00 after 6/30/19

Register: <https://cvent.me/1yrlw>

509 Scoliosis, Stenosis, and Osteoporosis Workshop with Dr. Evan Osar

Sunday 8/4/19 8:00 a.m. - 12:00 noon

CEC's: ACE 0.4, AFAA 4.0, NASM 0.4

Do you work with older clients that experience issues such as scoliosis, stenosis, and/or osteoporosis? Have you found it difficult to find information appropriate to training older clients with these conditions? Do you know what exercise are most appropriate to use as well as which ones to avoid in clients with scoliosis, stenosis, and/or osteoporosis? During this interactive workshop, you will learn about common back and spine issues affecting older individuals including scoliosis, spinal stenosis, and osteoporosis.

Additionally, you will discover how to easily assess and identify common contributors to your older client's tightness, discomfort, and loss of performance. You will discover the principles of the *Integrative Movement System Corrective Exercise Strategy™* and how these principles - alignment, breathing and control - are instrumental in helping address your older client's posture and movement habits. You will leave this workshop intensive with the ability to develop the safest and most effective training programs for individuals experiencing scoliosis, spinal stenosis, and osteoporosis and progress them towards accomplishing their functional goals. **ONE DAY SPECIAL!!!**

Cost: \$107.00 (including Rollga) by 3/1/19 \$147.00 (no Rollga) after 3/1/19
